Email: nedy.mutisya@gmail.com
Nairobi, Kenya (Remote)
Portfolio: https://triple-mmutisya.github.io/VirtualAssistant-Portfolio/

Professional Summary

Detail-oriented Virtual Assistant providing remote administrative support, data entry, email and calendar management, document organization, CRM and lead generation, project coordination and design support. Experienced with Excel, Google Workspace, Microsoft Outlook, HubSpot CRM, Apollo.io, Canva, Notion, Trello and Click Up. Reliable, confidential, deadline-driven and available for flexible-hours and long-term remote engagements.

Core Skills

- Administrative support: virtual assistance, email management, calendar management, scheduling, confidentiality
- Data: data entry, data validation, data cleaning, spreadsheet management, reporting
- Sales support: CRM management, lead generation, prospect research, contact list building
- Coordination: project and task tracking, document management, file organization, travel planning
- Content: social media graphics, short-form video editing, AI-assisted research and drafting

Tools & Software

- Microsoft Excel, Google Sheets (formulas, PivotTables, charts), Google Docs, Google Drive
- Gmail, Microsoft Outlook, Google Calendar
- HubSpot CRM, Apollo.io, Notion, Trello, ClickUp
- Canva, CapCut, KAYAK, Booking.com, Expedia, ChatGPT, Claude, Gemini

Professional Projects

- **HR Data & Excel Dashboard** (Excel, Google Sheets): built an employee register with data validation, deduplication, formulas, PivotTables and interactive summary charts.
- **Email Management System** (Gmail, Outlook): organised an inbox with categories, filters and urgency rules; drafted response templates and follow-up tracking.
- **Document Workspace** (Google Docs, Drive): designed a folder taxonomy, file-naming standards, SOP template and document register with version control.
- **Lead Generation Tracker** (HubSpot CRM, Apollo.io): researched prospects and tracked leads by source, status, owner, pipeline stage and follow-up date.
- **Project Task Board** (Notion, Trello, ClickUp): created a board with owners, priorities, deadlines and blockers; prepared meeting agendas and action lists.
- **Design & Social Content Pack** (Canva, CapCut): produced branded social graphics, a reusable template and an edited short-form video.

- **Travel Itinerary Plan** (KAYAK, Booking.com, Expedia): compared flights and hotels; built a day-by-day itinerary with budget and booking checklist.

Work Approach

Confirm goals and deadlines first, deliver organised files with clear handover notes, report progress regularly, and review all AI-assisted work before delivery.
